

Romex
INTERNATIONAL SCHOOL

CREATING DISTINCT MINDS

PROSPECTUS

www.romexinternationalschool.com

The mark of romex international is a glory in itself accumulating a lot of valuables in it.

The splinter standing on books shows light of knowledge and wisdom is being prevailed by Romex.

And olive leaves are the mark of life and prosperity.

Which simply means knowledge is the soul of life and prosperity which is being nurtured herein Romex.

From the desk of CHAIRMAN

PEARLS OF WISDOM

"The task of the modern educator is not to cut down jungles, but to irrigate deserts....." The new millennium has brought in its wake an array of global changes which were unheard of before. Life today, is on the fast track with gigantic changes in the field of science, technology, management, information and communication. This situation demands readiness to face the changes. The concept of 'Emotional Intelligence' has gained considerable importance 'Humanism', the over-arching philosophy of our time, translates into the 'child-centred approach' in education. In this the child's needs, interests, play activities and self-confidence assumes tremendous importance. The child's education, in terms of pedagogical strategies used, evaluation techniques, curriculum plans, teaching content etc is greatly influenced by the philosophy of significant educational thinkers and innovators.

Over just academic excellence and hence there is more focus on the ability The child of yesteryear was categorised as either male or female, which represented a definite set of qualities. This compartmentalization no longer remains valid as boys and girls are by and large seen as a generic category and are evaluated in terms of common traits and qualities. Today's child no longer realizes only on being told about various phenomena. He is a child with a multi- faceted persona, a child of the technological age. He has his own perspectives, ideas and understanding and often argues before he is convinced. Exposure to the world- wide web and the hard realities of today's world have made him more mature and mentally agile. The teacher has to relate each child's psyche and there is greater emphasis on the equation between the teacher and the student. This foundation is essential for facing the seemingly new problems that confront an individual in today's troubled times. Based on all the tenets, the maxim of the school is that the learning activities are all child- centric. The school therefore provides ample opportunities in all spheres of learning, helping the child to emerge as a wholesome personality, ready to face the challenges of life.

Mr. S.P. Singh

From the desk of **DIRECTOR**

Dear Parents,

An education of the highest quality is the greatest gift that parents can give to their children. The next global generation will need exceptional academic and intellectual creativity to take on positions of leadership and address the many challenges that face our world. Given this, it is vitally important that the leading schools in the 21st Century provide a genuinely holistic international education to prepare learners for the responsibilities they will face in their lives. The curriculum at Romex international is tailored to meet the needs of today's learners and is sensitive to different learning styles. A plethora of academic and co-curricular activities offer the opportunity to all students to discover various facets of their personalities. Cultural programmes and observance of International and National days showcase their intellectual potential and intrinsic talent. At Romex international, we believe that children need not always be taught to do things; instead, they should be encouraged to explore, discover and learn by reflection, under the caring guidance of teachers. We are pledged to fulfil the expectations of our parent community and set a benchmark that is unparalleled in the field of quality education. I conclude my message with an invitation to visit the Romex campus located in the lap of greenery. Where teaching and learning is simple and enjoyable, and most importantly, within the reach of students.

Warm Regards,
Director

Mr. Krishna Singh

From the desk of **PRINCIPAL**

At Romex international, we believe that the child is at the centre of all learning. We are a K-12 school, catering to an age group from 3 to 17. Since our existence, we have always been a pioneer and a trend setter in the field of education. We have always been futuristic in our thoughts on education and schooling. Our mission is to prepare students to be future ready. Keeping this in mind, our curriculum is a rich blend of academic sessions, field trips and activities.

We believe in providing a wholesome education that is dynamic and engaging both inside and outside the classroom. The teaching methodologies are varied to suit different learning styles. Hands-on projects, engaging discussions and differentiation in the classroom lead to happy students. The school has an environment that enhances their confidence, stimulates their thinking power and hones their creativity. Our social-emotional curriculum, CARE centre, Student Council and competitive activities keep our students grounded to aim for both – excellence in academics and excellence in behaviour. The pandemic made us reinvent the teaching learning process.

We went online, equipping our teachers to navigate technology with ease. We ensured that the children didn't miss any aspect of school life. We had academics, assessments and evaluations, activities, events and clubs. We practice our conviction 'Every Child Matters' in letter and spirit, and I welcome you to experience it when you visit our warm and sensitive school environment.

Priya Chaudhary

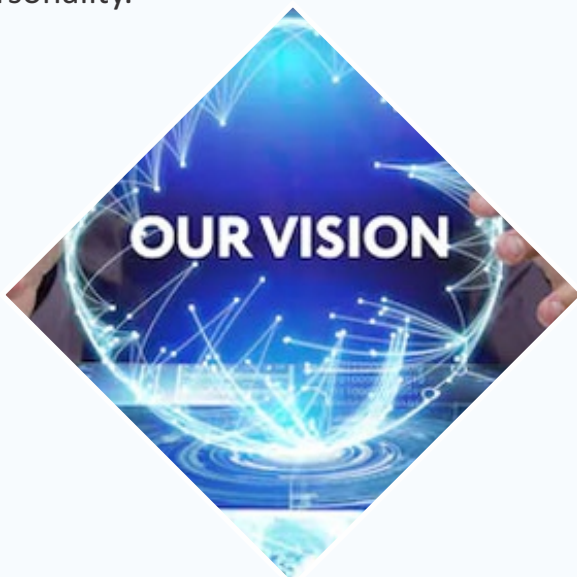

Dr. Priya Chaudhary

OUR MISSION

Our aim in the school is to help a child realize his own unique potential. An education which aims at child's physical, emotional, mental and spiritual personality. It is the progressive widening of consciousness which helps the child to manifest that within him, which is uniquely his, leading to an increasing satisfaction and success in individual living as also collective living, socially, nationally and internationally. Our endeavour is to impart education, which looks beyond the frontiers of formal education. It is, in fact a preparation for lifelong learning.

OUR VISION

Pursuit of excellence, experiential learning dedicated commitment towards quality education with an Indian Orientation. Founded and managed by distinguished members and humanaries of society, culled from various walks of life, the school trod on the path of progress with their visionary approach and lofty ideas. The school provides best possible management committee who are our constant beacon and source of strength, infrastructure and facilities for better education to the children without undue burden of parents. The exalted aim is to produce ideal members of society, ideal students with competent and balanced personality.

OUR JOURNEY

The foundation of Romex international goes back to the year 2013 with the kick start of its primary wing, Dedicated to excellence and purposeful learning, the motto of this institution "Creating distinct minds" is enshrined in each act of the school and is followed in its true spirit to make the globally competitive. The institution aims to achieve the extraordinary by offering a platform where each child feels inspired and empowered to brave the challenges of the rapidly growing world. Ever since its inception, the entire community of Romex international is relentlessly engaged in creating citizens who stand for justice, soar with pride and exhibit the values of compassion, respect and responsibility in all walks of life.

Placed under the aegis of CBSE since 2015, the school strictly adheres to the Central Board of Secondary Education curriculum to prepare the students for tomorrow. Our endeavour is to nurture students to be academically competent and skilfully equipped to face the world.

CURRICULUM

The curriculum at Romex International School has been dynamically developed to ensure that the students receive integrated, coherent learning experiences that contribute towards their personal, academic and professional learning and development. The aim behind the goals of the curriculum is to encourage the children to be academically inquisitive and to take responsibility and initiative. The RIS curriculum promotes three aspects of achievement:

- The ability to express oneself in oral and written form and, where appropriate, to remember facts accurately and use them constructively.
- The ability to apply knowledge through practical tasks, problem solving, investigation skills, and the use of oral and written language.
- The development of personal and social skills, such as the ability to work with others and take on a leadership role within a group.

Classes KG – 5

The primary wing at Romex vibrates with the sound of joy and laughter. It is heartening to see each child bloom, with a different hue, a different fragrance, a different persona and so unique in his or her special way. Students in the Primary Wing are groomed to be confident, competent & are encouraged to develop a love for learning. With a curriculum based on learning by doing, they are guided to use their knowledge and skills to cope with real life situations and challenges that are integrated with digital pedagogies. Class-room spaces are carefully organised to support the learning. We aspire to nurture students who will thrive in the new millennium. We believe that students need to have critical thinking and problem solving abilities and always be self-motivated.

The junior Wing 6-10

As students grow up to become young adults and enter the Senior Wing, emphasis is laid on honing their skills and makes them independent learners. They are encouraged to be confident and competent individuals who can solve problems and take decisions in life. We teach our students to be responsible by taking accountability for their decisions. The Scholastic areas of studies in the junior wing include Mathematics, Science and Social Studies, along with Languages which include English (compulsory first language) Hindi. The school offers courses such as Physical Education, Art, Music, Dance, IT and Value Education.

The senior wing 11-12

At senior wing where students are mature enough to decide what they wish to be in future, Romex helps them through proper guidance, career counselling, motivation classes, guest lectures, Alumni meet, along with providing them knowledge for their specific field either it is science, commerce or humanities so as to make them respected and responsible citizens.

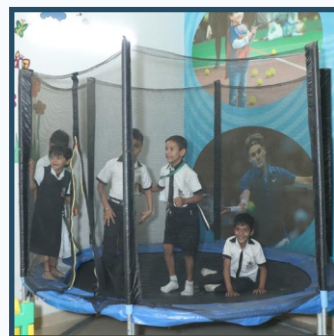

Co-Curricular Programme

Several skills and qualities that are instrumental to a child's holistic development are learnt outside the classroom. Romex International School has a mandatory co-curricular programme that fully supports a child's learning process. The programme has five modules, each of which comprise of several activities for different age groups.

Sports and Games

Besides nurturing their athletic talents, this module inculcates a spirit of healthy competition and team work in students. Qualified trainers and coaches monitor the progress of every child, to ensure that they learn, and excel at a wide range of sports and games. Outdoor Activities: Athletics, Swimming, Cricket, Football, Volleyball, Basketball, Kho-kho, Indoor Activities: Badminton, Billiards, Chess, Table Tennis, Basketball Physical Education: Aerobics, Martial Arts, Yoga

Performing Arts

This module allows students to discover and nurture a creative spirit while learning. An involvement in Performance Arts helps students to increase academic discipline and provides them with a medium for self-expression. Music: Drums, Guitar, Harmonium, Piano, Singing, Tablas, Synthesizer Dance: Indian and Western, Theatre.

Creative interest

Pursuing hobbies and interests is a great way to enhance one's personality and discover hidden talents. The diverse mix of activities under this module ensures that every child finds something that is of interest to him/her. Calligraphy, Clay Modelling, Drawing, Gardening, Origami, Painting, Pottery

Personality Development

The importance of inter-personal and communication skills cannot be undermined in today's competitive world. These need to be instilled in a person at a young age as it gets harder to acquire them as we grow older. The offerings under this module prepare students to handle challenging social and professional situations with confidence.

Debate, Elocution, Etiquette Building, Presentation Skills, Public Speaking, Reading.

Service initiatives:

In addition to becoming knowledgeable individuals, it is crucial for children to become responsible adults. Under this module, students are encouraged to put others' interests before their own and get involved in selfless service for the benefit of those around them. Community Service, Environmental Protection, Library Assistance, News Board Management, School Magazine

ENRICHMENT CLUBS

The Enrichment Clubs at Romex International School are an integral part of the curriculum from class 3 onwards. Under this programme the students get a choice to select 2 activities from a wide range of approximately 20-25 activities. Conducted as a part of the time table for an hour each, these clubs aim at building skills for the students in activities like Calligraphy, Public Speaking, Guitar, Piano, Photography, etc.

INTER HOUSE COMPETITIONS

At Romex International School, every student from classes III – X is placed in one of the four houses of the school. The four houses are RACHNA, MUKTI, ARPAN & CHETNA have their own inspiring motto. The prime objective of these houses is to inculcate among the pupils a sense of collective responsibility and solidarity, a sense of team spirit and to encourage healthy competition. Each House is under the charge of a House Mistress along with House Captains and Prefects who shoulder the responsibility to ensure a smooth and efficient functioning of the House.

INTER SCHOOL COMPETITION

The different Inter School Competitions hosted by Romex cover all the curricular and co-curricular areas of learning. Confluence witnesses quizzes, debates, singing and sports matches, etc. Students from the whole city participate in these competitions.

GROUP ACTIVITIES We believe that group activities help children to develop their communication skills and improve their interpersonal relationships. Collaborative learning techniques are used to improve team-building skills such as organization, delegation, negotiation, teamwork, cooperation and leadership.

FIELD TRIPS

Field trips help deepen a student's interest in a topic by creating a more hands-on, relevant learning experience. We schedule many Trips through out year, they have proven to be a great asset in the learning process.

THE CLASS PYRAMID

Students who have shown merit in academics, co-curricular activities or social, are given a place in a 'class pyramid'. It essentially depicts the collective efforts and achievements of a class, and inspires students to work harder through healthy competition.

International Olympiads

Maths, Science, Informatics, Reasoning & Aptitude, English, SOF Hindi

Romex enrichment programme

ADDITIONAL FACILITY

- Building with State of the Art Infrastructure along with lush green campus
- RO Water Plant & Constant Power Supply
- Professional Child Counsellor and special educator
- 24 Hour Power back up
- Mobile equipped buses available for All over the city
- All the buses have surveillance
- All the buses have GPRS facility
- All the classrooms corridors and the playgrounds of the school are under CCTV surveillance for the safety and security of the students.

INFRASTRUCTURE

Class Room

The air conditioned spacious classrooms are equipped with smart boards enabling the teacher and the students to benefit from the technology in the teaching and learning process. The tools of technology provide opportunities for research and sharing of information beyond the books thus opening more avenues of assimilation and critical thinking for the students.

Computer Lab

Steve Job once said, “Everybody in this country should learn to program a computer because it teaches you how to think!”. Information Technology is an integral part of the learning system at Romex. the students of Romex independently utilise technology as a learning tool.

AV Hall

The Audio Visual Hall is the hub of Activities at Romex. A spacious air- conditioned hall with state of the art sound and light system, the AV Hall is used for assemblies, competitions, theatrical performances, workshops, etc.

Dance Room

“Dance is the hidden language of the soul of the body.”- Martha Graham.

The well designed dance room at Romex is a space for learning the nuances of dance by the students under the mentorship of their teachers.

Infirmary

Romex building is equipped with an infirmary to cater to the First-Aid needs of the students. With health check-ups conducted every year the school is committed to the good health of its students

Library

As rightly said “The more you read the more things you will know. The more you learn the more places you'll go.” The fully air - conditioned digital library is an infrastructural marvel in itself. As many as 40 readers can avail the browsing and research facilities at a time. The Library is equipped with hundreds of books for all age groups covering various subjects including newspapers, journals and magazines.

Music Room

The Music Room at Romex is a space dedicated to the learning of music and playing of the musical instruments. This room exudes the dynamic energy of musical notes

SCHOOL RULES & REGULATIONS

- Students must come neatly dressed in their complete school uniform daily. They must carry their diary & ID-card to school every day.
- In case of illness, the child should not be sent to school at all, even on assessment days.
- No review or examination date will be changed even if a child is absent on medical grounds. Students are expected to reach the school at least 5 minutes before the starting time every day. Frequent late-comers will be sent home.
- Early leave is discouraged and granted only in case of an emergency by the Principal.
- Please send a diary note seeking appointment in case you would like to meet the educator on a working day.
- Students of Classes UKG- 5 are not allowed to carry money.
- The child should carry his/her tiffin and other articles required in school.
- The school staff shall not accept any item sent later during working hours due to security reasons. Therefore, parents are requested to keep the school updated about their mobile numbers on which they would like to receive the alerts.
- Any changes in the number should be intimated immediately.
- As a step towards improving communication between the parents and the school, we provide Short Message Service (SMS). This facility ensures that all important and urgent messages reach the parents instantly on their mobile phones.

Do's

Don'ts

Birthday Celebration (Class 1 onwards)

- We prefer to keep the birthday celebration simple to avoid any disparity or over indulgence.
- Parents are requested to send only sweets / chocolates within the range of Rs.20/- per child.

PUNCTUALITY

- Ours is an environment-friendly school, therefore, Polythene Bags are not allowed on the campus. Please provide a cloth/jute bag to your child to carry his/her belongings.
- Students are not permitted to wear ornaments, expensive wrist watches, apply heena / nail paint fancy clips / bands, etc.
- The girls who have got their ears pierced, will wear only small studs.
- On all Saturdays (Except the Third Saturday) parents can come and meet the concerned educator, between 10:30 am - 11:30 am, after taking an appointment.
- In all the official correspondence with the school, full name of the child, as well as the class and admission number should be mentioned.
- Leave will be sanctioned only when applied on the Leave Application Form provided in the School Almanac.
- Medical leave will only be granted by the Principal on the provision of a medical certificate by a medical practitioner.
- A student suffering from any infectious disease must observe the prescribed period of quarantine before returning to the class, after submitting a medical fitness certificate from a medical practitioner.
- Students are not permitted to bring objectionable material to school such as magazines, video games, mobile phones & electronic gadgets, etc.

SPECIAL DAYS

Importance and Significance of National & International 'Days' viz. Earth day, Hindi diwas, Martyrs day, Mother & Fathers days, Children's day, Kargil Victory day, Independence day, Republic day, Teachers day etc. are celebrated and events are organized depicting the importance of the same and educating the young minds with the significance and purpose of these special days.

WORKSHOPS

Motivational and career counseling workshops are organized on a regular basis for faculty as well as students. Orators & Speakers from various walks of life and eminent personalities are invited to conduct these workshops. Career counseling workshops for students and motivational workshops are conducted by guest speakers who expose the students to the world of avenues which lies open before them once they choose the path upon which the wish to make their mark.

EVENTS & PROGRAMMES

National Days and Events are celebrated with great enthusiasm and in a very jubilant manner. The jewel of the crown is the Annual Day Celebration where our students give their performance in the presence of Celebrities & Dignitaries who are invited as honorable guests.

EXCURSION, TOUR AND TRIPS

Every child, from Play-way to Sr. Sec. are encouraged to actively participate in excursions that is an Annual feature at Romex. The tiny tots enjoy at the McDonald's whereas the primary to Sr. Sec. students visit Historical Heritage sites to learn and know the valiant history of our country and come to grips with the velour associated with our motherland.

Students are also exposed to manufacturing units where they learn how things of daily use are made from seemingly un-similar raw materials. Water treatment plants are also a part of the extracurricular excursions.

AWARDS

The students of Romex have strived and performed their best in upholding the banner of Romex flying high and proud at various Interschool, District and National level competitions in different fields of Taekwondo, Robotics, Skating, Drawing, Painting as well as in sporting events viz. Volley ball, Cricket etc.
